

*3rd International Conference
on Flow Dynamics*

Special Session

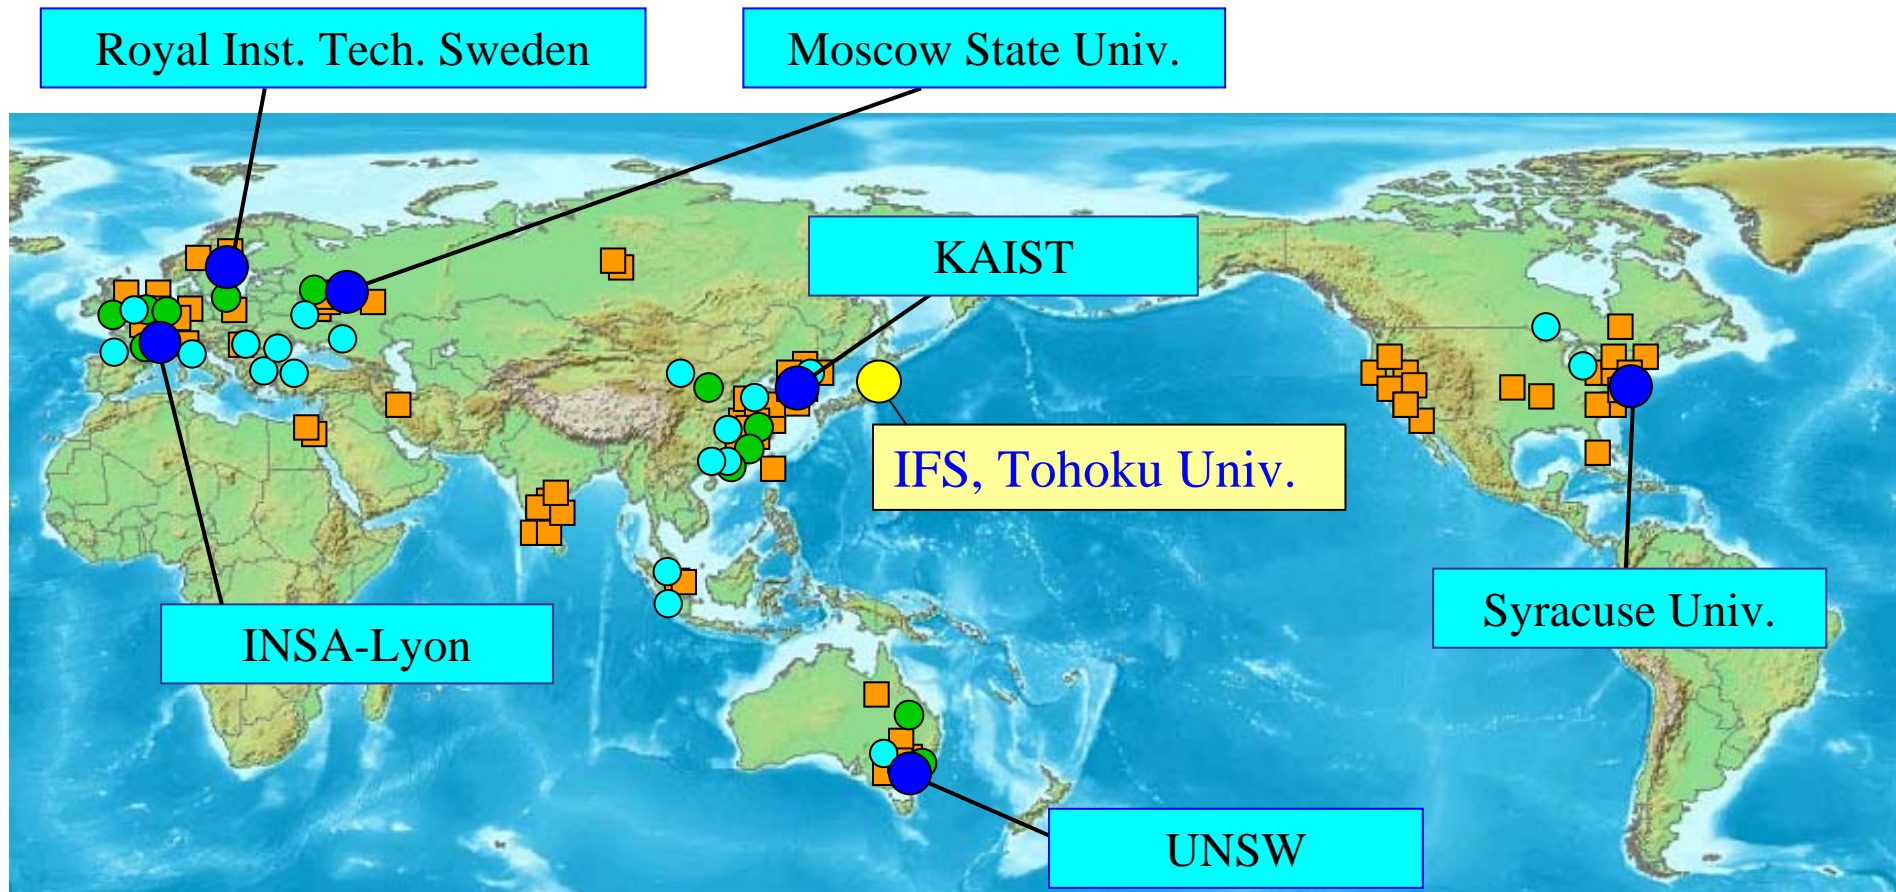

**“Research and educational activities and
achievements through liaison offices”**

Introductory Remarks

Toshiyuki Takagi, IFS, Tohoku University

November 9, 2006, Matsushima Taikanso, Japan

International Networks of IFS

International Liaison Offices ● Established 6

○ ● Exchange Agreements 36

■ Research Collaborations 77

As of 2005.4

2nd International Conference on Flow Dynamics
Liaison Office Panel Session
“Multi-Lateral Research Initiative”

November 17, 2005, Sendai International Center, Japan

Objectives:

- ✓ Propose a multi-lateral research through a new multiple-network associated with the 21st Century COE program “International COE of Flow Dynamics” and Tohoku University liaison offices
- ✓ Discuss the frameworks and subjects for the present multi-lateral research

http://www.ifs.tohoku.ac.jp/21coe/liaison_office_meeting/

2nd Session : November 8, 2006, Matsushima Hotel Taikanso

Future Activities through Liaison Offices

✓ **Enhancement of Joint-education through Liaison Offices**

 **Fostering young researchers for Multi-Lateral Research**

✓ **International Research Projects**

Development of database for information-sharing

 **- Find appropriate topics for Multi-Lateral Research**

- Find appropriate schemes to promote Multi-Lateral Research

3rd International Conference on Flow Dynamics

Special Session (OS6)

“Research and educational activities and achievements through liaison offices”

Objectives:

- ✓ **Discuss future framework for joint-education through Liaison Offices to foster young researchers for Multi-Lateral Research**

Special Session (OS6)

“Research and educational activities and achievements through liaison offices”

Total chairperson T. Takagi

|-------------|--|
| 16:30-16:40 | Introduction
Director Toshiaki Ikohagi
(Institute of Fluid Science, Tohoku University) |
| 16:40-16:50 | “The Current Situation of Database”
Assoc. Prof. M. Ohta (Tohoku University) |
| 16:50-17:15 | Special Lecture 1
“How can we collaborate in research ?”
Professor M. Behnia (Sydney University) |
| 17:15-17:40 | Special Lecture 2
“Education for Graduate Students in KAIST”
Professor H.D.Shin (KAIST) |

Special Session (OS6)

“Research and educational activities and achievements through liaison offices”

17:40-18:05 “Overseas Liaison Offices and International Joint Education Programs of Tohoku University”
Vice President H. Ohnishi (Tohoku University)

18:05-18:30 Panel Session for the Future Plan of Joint Education
(Chairperson H. Higuchi)

Current Situation and System of Joint Education:

Syracuse (5 min.)	H. Higuchi
KTH (5 min.)	F. Lundell
INSA-Lyon (5 min.)	P. Gobin
Moscow (5 min.)	A. Vasilev
